SUMMARY

Third-year Computer Science & Engineering student with hands-on experience in Python, MERN stack, and PHP. Skilled at quickly adapting to new technologies, leading teams effectively, and delivering projects on time.

PROFESSIONAL EXPERIENCE

Tech Guy, Concert Circle

March 2025 - Present

- Successfully launched Phase 1 of the platform with a full-fledged, feature-rich admin panel.
- Currently leading development of Phase 2, focusing on enhanced functionality and performance
- Maintain strong team collaboration, contributing ideas and implementing solutions effectively.
- Gained hands-on experience in social media management via the Instagram handle: @concertcircle.

Internship, Sparrow Softech

May 2024 - Oct 2024

- Learned and applied MERN stack to build scalable web application components.
- Contributed to a production-level app now live on both Apple App Store and Google Play Store (Pictora).
- Gained experience in person detection and surveillance system development.

PROJECTS

- **Pictora App:** Image enhancement app using GFPGAN & Real-ESRGAN (Python); live on Play Store & App Store.
- **Concert Circle:** Built admin panel (PHP); currently working on Phase 2 with MERN stack.
- **Smart Surveillance:** Person detection prototype using Python (YOLO, OpenCV) for real-time monitoring.

SKILLS

MERN Stack · Python · PHP · Social Media (Content Planning) · Canva · Digital Promotion · Team Collaboration · Time Management · Leadership · Fast Learner

EDUCATION

B.Tech in Computer Science and Engineering

July 2023 - Present

Gyanmajari Innovative University

- Relevant Coursework: Data Structures, Web Development, DBMS, AI, Figma, Gimp

ADDITIONAL INFORMATION

- **Languages:** English, Hindi, Gujarati
- **Certifications:** Hackathon Participant – SSIP Gujarat (3-time participant), Workshop on AI & ML – Edunet Foundation in collaboration with IBM SkillsBuild
- **Achievements & Activities:** Team Leader in SSIP Hackathon, Active Participant in College Fests and Technical Events, Successfully Launched Project “Concert Circle” (Phase 1), Intern Contributor to Live App “Pictora” on Play Store & App Store
